

FIRST COME FIRST SERVED!

Monad has VisionPoint DVD titles!

Hi, I'm Carol, and I have some good news.

As you may know, VisionPoint has discontinued selling their stand-alone, traditional, individual DVDs.

However, we have acquired their complete, close out inventory.

Unfortunately, there is only a limited number of titles; and once sold won't be available in this format...ever again.

In addition, we reduced prices on all their titles.

So please contact me, as I would like to send you an **Inventory/Pricing List** (which could be a on the back of this sheet). a **Catalog** describing the titles, and an **Excel Spreadsheet of Preview Links**.

So hurry! As old and clichéd is the following statement, it's true; **First-Come, First-Served**.
